PROFESSIONAL SUMMARY

Motivated Computer Science student with hands-on experience building full stack web applications, RFID-integrated systems, and responsive UI/UX designs. Combines technical proficiency in Python, JavaScript, HTML/CSS, and Java with a strong drive for problem-solving and continuous learning. Seeking an internship or entry-level opportunity to contribute to real-world software development while growing professional skills.

SKILLS

Programming Languages	Python, JavaScript, Java, HTML, CSS
Frameworks & Tools	Node.js, MongoDB, Git, GitHub, Figma
Domains	Full Stack Development, Data Science, UI/UX Design, Digital Marketing
Soft Skills	Problem-solving, Time Management, Teamwork, Adaptability, Multitasking

PROJECTS

RF-ID Based Attendance System (Web Integrated)

– Ongoing

Group Project

- Developing an RFID-based automation system to eliminate manual student attendance errors.
- Designing a web dashboard integrated with RFID hardware for real-time attendance monitoring.
- Architecting a scalable database schema for attendance storage, tracking, and reporting.
- Target outcome: reduce attendance recording time by ~80% and eliminate data entry mistakes.

To-Do App - Task Management Web Application

Personal Project

- Built a fully functional task management app with add, view, complete, and delete task functionality.
- Implemented dynamic UI updates with vanilla JavaScript for instant, no-reload task interactions.
- Designed a responsive layout in HTML/CSS ensuring compatibility across devices and screen sizes.
- Architected client-side data management with hooks for future local storage or backend integration.

Portfolio Website

Personal Project | sinhashlokraj.github.io/Portfolio

- Developed a personal portfolio to showcase technical skills, projects, and professional profiles to recruiters.
- Designed a fully responsive layout using modern HTML5/CSS3, ensuring smooth navigation and readability.
- Structured sections for About, Skills, Projects, and Contact for clear information presentation.
- Linked live GitHub repositories and professional profiles for easy recruiter access.

EDUCATION

Bachelor of Science in Computer Science

Expected April 2027

Karnavati University - Gandhinagar, Gujarat

- Aggregate CGPA: 6.95

CERTIFICATIONS

- LinkedIn Learning** - Learning Full-Stack Development: MongoDB, Node, and JavaScript
- LinkedIn Learning** - Introduction to Network Routing
- LinkedIn Learning** - User Experience (UX) for Non-Designers
- LinkedIn Learning** - Figma for UX Design

LANGUAGES

- English
- Hindi
