PROFESSIONAL SUMMARY

Hardworking, highly motivated professional eager to lend combined knowledge and skills to enhance business performance. Operating well in both individual and team capacities, leveraging seasoned work ethic to quickly adapt to different processes and drive company objectives. Resourceful and results-driven with a passion for growth and efficiency to meet company needs and increase service value. Ambitious individual with strong organizational and multitasking skills, as well as an aptitude for technology. Ready to apply knowledge and skills to any challenge.

Language	SKILLS
- Full Stack - Python - JavaScript - HTML - CSS - Java	- Data Science - Digital Marketing - Problem-solving - Time management - Flexible and adaptable - Multitasking - Team work - UI/UX

PROJECTS

RF-ID Based Attendance System (Web Integrated) — *Ongoing*

- Currently developing an RFID-based system to automate student attendance.
- Planning integration between RFID hardware and web dashboard.
- Designing database structure for attendance storage and tracking.
- Aim: Reduce manual attendance errors using automation.

To-Do App (Task Management Web App)

- Built a task management web application that allows users to **add, view, complete, and delete tasks**.
- Implemented dynamic UI updates using JavaScript so tasks show instantly without reloading.
- Stored (in cache) and managed task data using JavaScript logic (can be expanded later with local storage or backend).
- Designed responsive layout using HTML and styled interactive elements with CSS.

Portfolio Website

- Developed a personal portfolio website to showcase skills, projects, and contact information.
- Designed responsive layout using modern HTML and CSS, ensuring smooth navigation and readability.
- Implemented sections for About, Skills, Projects, and Contact to present information clearly.
- Highlighted GitHub projects and linked professional profiles for recruiters.

EDUCATION

Bachelor of Science (B.S.): Computer Science

Karnavati University - Gandhinagar
Expected graduation April 2027
